Recommended that:

25X1A6a

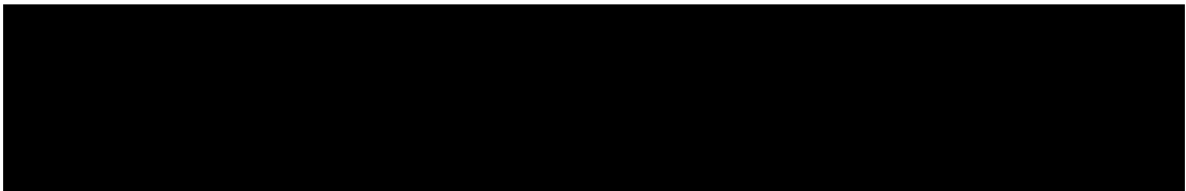

Chief, WE, initiate a comprehensive survey of [REDACTED] for operational purposes. This survey should be conducted in collaboration with SR Division and the CA Staff.

DD/P Comment

Non-concur.

The Chief of this one-man Station was recently in Headquarters at which time the operational potential of this Station was discussed in depth with all pertinent components of the DDP. As a result of this review it was felt that the substantive expansion of his present activities would not be practicable.
